STEEL PRODUCTS

Reliable steel supply for industrial and project requirements.

02

01

FLAT-ROLLED STEEL

- ✓ Hot Rolled Sheets & Plates
- ✓ Cold Rolled Sheets

Available according to the required grade, thickness, dimensions and standard.

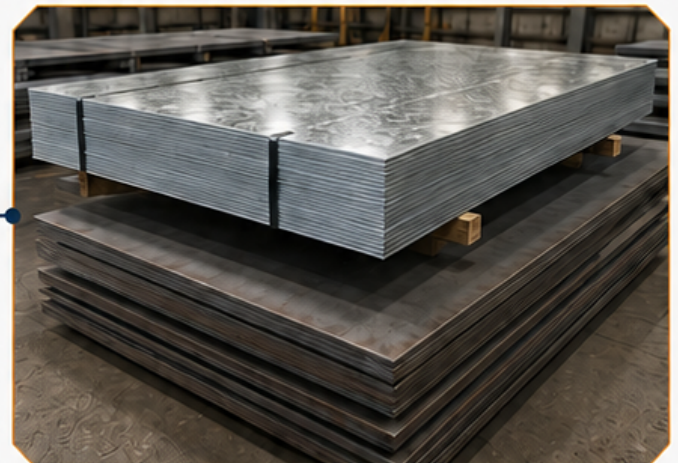

COATED & HEAVY PLATE

- ✓ Galvanized Sheets
- ✓ Steel Plates

Selected to match project specifications, application and documentation requirements.

02

03

LONG STEEL PRODUCTS

- ✓ Rebar
- ✓ Billet

Supply reviewed according to grade, dimensions, quantity and delivery requirements.

QUICK TECHNICAL REFERENCE

PIPES & TUBES

ASTM A106 · API 5L

ALLOY STEELS

MO40 · CK45 · VCN

STRUCTURAL STEEL

IPE · HEA · HEB

STAINLESS STEEL

304 · 316 · 321

POOYA FELEZ OMID

INDUSTRIAL SUPPLY & INTERNATIONAL TRADE

pfomid.com

02

PIPES & TUBES

Engineered pipe and tube supply for industrial, energy and project applications.

03

01

SEAMLESS & LINE PIPE

- ✓ Seamless Pipes
- ✓ Line Pipe

Selected according to grade, outside diameter, wall thickness and applicable standard.

WELDED PIPE

- ✓ ERW / Welded
- ✓ HSAW / Spiral
- ✓ LSAW

Supply matched to project specifications, dimensions and documentation requirements.

02

03

BOILER & HEAT EXCHANGER TUBES

- ✓ Boiler Tubes
- ✓ Heat Exchanger Tubes

Technical requirements are reviewed according to service conditions and RFQ data.

TECHNICAL REVIEW

Grade · Standard · OD · Wall Thickness · Length · Quantity · Documentation
Reviewed and confirmed according to each RFQ.

STEEL SECTIONS

Structural and industrial steel sections supplied to project specifications.

04

01

BEAMS

- ✓ IPE
- ✓ HEA
- ✓ HEB

Profiles selected according to section size, grade, length and applicable standard.

CHANNELS & ANGLES

- ✓ Steel Channels
- ✓ Steel Angles

Supply matched to required dimensions, thickness, quantity and project documentation.

02

03

HOLLOW SECTIONS

- ✓ Square Hollow Sections
- ✓ Rectangular Hollow Sections

Technical requirements are reviewed according to dimensions, wall thickness and RFQ data.

TECHNICAL REVIEW

Profile · Grade · Standard · Dimensions · Length · Quantity · Documentation
Reviewed and confirmed according to each RFQ.

ALLOY & ENGINEERING STEELS

Engineering steel grades supplied for manufacturing and industrial applications.

05

01

ROUND & FLAT BARS

- ✓ Round Bars
- ✓ Flat Bars

Dimensions, surface condition and grade are reviewed according to the required application.

42CrMo4 / M040

- ✓ Alloy Steel
- ✓ High Strength Applications

Supply matched to required diameter, heat treatment condition, standard and documentation.

02

03

CK & VCN SERIES

- ✓ CK Series
- ✓ VCN Series

Grade and technical requirements are reviewed according to drawings, specifications and RFQ data.

TECHNICAL REVIEW

Grade · Standard · Diameter · Dimensions · Condition · Quantity · Documentation
Reviewed and confirmed according to each RFQ.

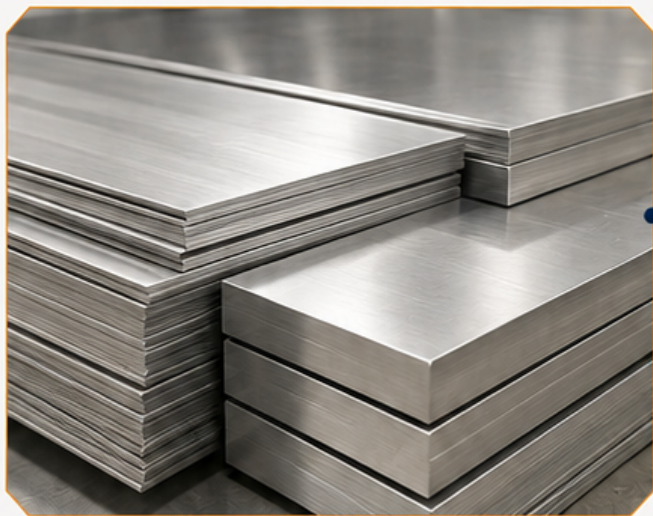

STAINLESS STEEL

Corrosion-resistant stainless steel products for industrial and project applications.

06

01

SHEETS & PLATES

- ✓ Stainless Steel Sheets
- ✓ Stainless Steel Plates

Surface finish, thickness, dimensions and grade are reviewed according to the application.

PIPES & TUBES

- ✓ Stainless Steel Pipes
- ✓ Stainless Steel Tubes

Supply matched to required diameter, wall thickness, standard and documentation.

02

03

BARS & PROFILES

- ✓ Stainless Steel Bars
- ✓ Stainless Steel Profiles

Available in AISI 304, 316 and 321 according to specifications and RFQ requirements.

TECHNICAL REVIEW

Grade · Standard · Finish · Dimensions · Thickness · Quantity · Documentation
Reviewed and confirmed according to each RFQ.

SPECIALIZED INDUSTRIAL MATERIALS

Project-specific materials sourced according to RFQ and technical specifications.

07

01

PROJECT-SPECIFIC MATERIALS

- ✓ Industrial Raw Materials
- ✓ Special Application Materials

Material requirements are reviewed according to drawings, datasheets and project specifications.

SPECIAL GRADES & DIMENSIONS

- ✓ Special Steel Grades
- ✓ Custom Dimensions

Supply is evaluated according to grade, dimensions, quantity and intended industrial application.

02

03

DOCUMENTED SUPPLY

- ✓ Material Identification
- ✓ Technical Documentation

Available documents are coordinated according to the material, source and agreed RFQ requirements.

RFQ REVIEW

Drawing · Datasheet · Grade · Standard · Dimensions · Quantity · Documentation
Technical and commercial requirements are reviewed before proposal.

HOW WE WORK

A professional supply process built for industrial buyers,
EPC contractors and procurement teams.

08

+47

YEARS OF EXPERIENCE
IN INDUSTRIAL TRADE & SUPPLY

RFQ REVIEW

01

Grade, standard, dimensions, quantity, destination and required documents are reviewed.

TECHNICAL MATCHING

02

Material specifications are matched with drawings, datasheets and project requirements.

COMMERCIAL COORDINATION

03

Price, delivery terms, Incoterm and commercial conditions are coordinated.

DOCUMENTATION & FOLLOW-UP

04

Technical and commercial documents are coordinated and the order is followed through the agreed delivery stage.

RFQ-DRIVEN • TECHNICALLY REVIEWED • DOCUMENTED SUPPLY

FROM SOURCING TO DELIVERY

RFQ review, trade documentation and delivery coordination for regional and international requirements.

ACTIVE REGIONAL ROUTE
Tehran • Erbil

RFQ COORDINATION

Technical and commercial requirements are reviewed for each destination.

TRADE DOCUMENTATION

Available technical and commercial documents are coordinated according to the transaction.

DELIVERY COORDINATION

Destination, Incoterm and agreed delivery conditions are reviewed with each RFQ.

RFQ-DRIVEN

TECHNICALLY REVIEWED

DOCUMENTED SUPPLY

INDUSTRIES WE SERVE

Materials supplied for demanding industrial and project applications.

10

01

OIL, GAS & PETROCHEMICAL

Pipes, plates and engineered steels for process and energy projects.

02

POWER & ENERGY

Materials selected for thermal, pressure and service requirements.

03

CONSTRUCTION & INFRASTRUCTURE

Structural steel supply aligned with project specifications.

04

MANUFACTURING & INDUSTRIAL PROJECTS

Technical material supply for production and plant requirements.

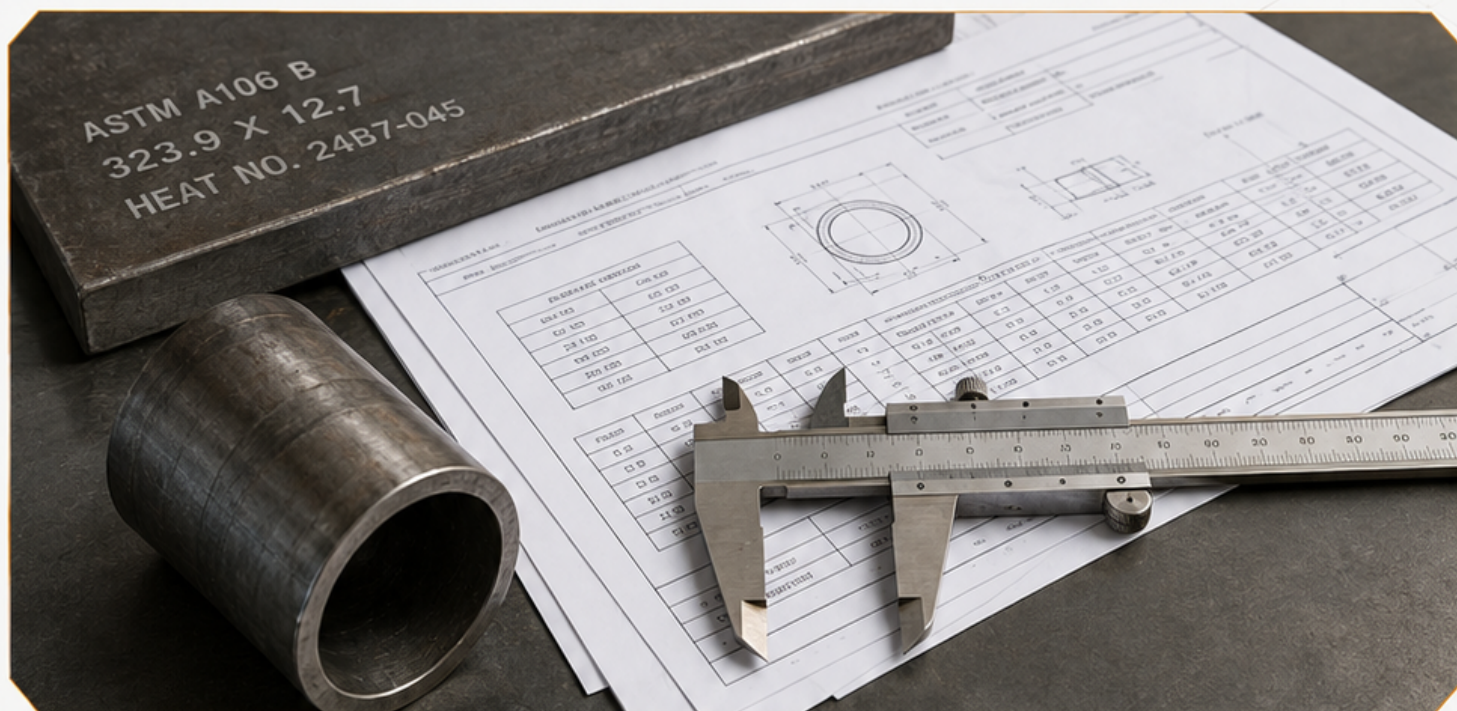

**MATERIAL SUPPLY ALIGNED WITH PROJECT SPECIFICATIONS,
TECHNICAL STANDARDS AND SERVICE CONDITIONS.**

QUALITY & DOCUMENTATION

Technical review and documentation aligned with each RFQ.

11

01

TECHNICAL REVIEW

Grade · Standard · Dimensions ·
Service Conditions

Requirements are reviewed
before supply confirmation.

02

MATERIAL DOCUMENTATION

MTC / COC · Inspection Records ·
Traceability

Provided according to product
and project requirements.

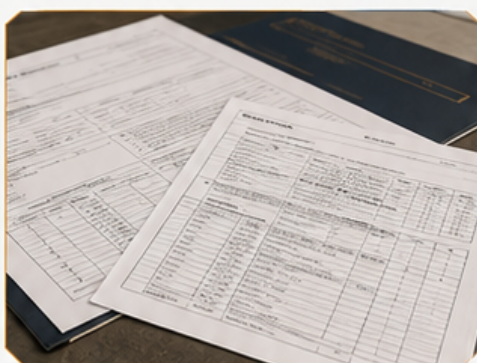

03

COMMERCIAL & SHIPPING DOCUMENTS

Invoice · Packing List · Certificate of
Origin · Delivery Documents

Prepared according to the agreed
transaction and destination.

REVIEWED · MATCHED · DOCUMENTED
